Two girls (Francesca and Gretel) and two boys (Raoul and Tomio) specialize in different games (backgammon, chess, *Monopoly*, and *Scrabble*). Their last names are Ishlan, Jones, Korning, and Loftis. Read the clues to find each person's full name and game specialty.

1. Jones, who does not play *Monopoly*, and Korning think they are better at their games than the girls are at theirs.
2. The backgammon player said she'd teach Loftis to play Chinese checkers.
3. Gretel and Ishlan had lunch with the *Monopoly* player.
4. Raoul and the chess player have the same locker in their physical education class at school.
